

Dice Simulator Report

Number of throws: 1000

Number of dice: 2

Interpretation of the questions:

- Q3 ranges follow the project statement (1-6 for 1 die, 7-12 for 2 dice).
- Doubles: both dice show the same number (only with 2 dice).
- Pairs: results that are even numbers.
- Odds: results that are odd numbers.

Results:

Most frequent result: 7

Least frequent result: 12

Average: 6.96

Min: 2

Max: 12
